ETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Claim 1 is amended such overcomes the prior art **Schmuck US patent 3,813,567**.

Schmuck.567 does not show a suction port located on the housing of fan with the carbon block having tapered shape.

The prior art of the record fails to teach a motor-driven tool comprising; a motor including an armature and a stator; a cooling fan provided on a rotary shaft of said motor, a carbon brush part adapted to be cooled by said cooling fan, and a housing for containing said carbon brush part and said motor, said housing being provided with a suction port and a discharge port; wherein said carbon brush part includes a cylindrical side wall between said suction port and a commutator of said motor, said cylindrical side wall located close to an outer periphery of said commutator being provided with a tapered portion which extends along a majority of the inner face of said cylindrical side wall and which grows wider toward said commutator and grows narrower toward a coil end of said armature, and wherein a heat radiating plate made of metal engages said carbon brush part and is provided between said carbon brush part and said coil end.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
